HOW TO PLAY

Take turns with another player drawing horizontal or vertical lines to connect the dots. When a player completes a box, they write their initial inside and get an extra turn. The game ends when all dots are connected, and the player with the most boxes wins.

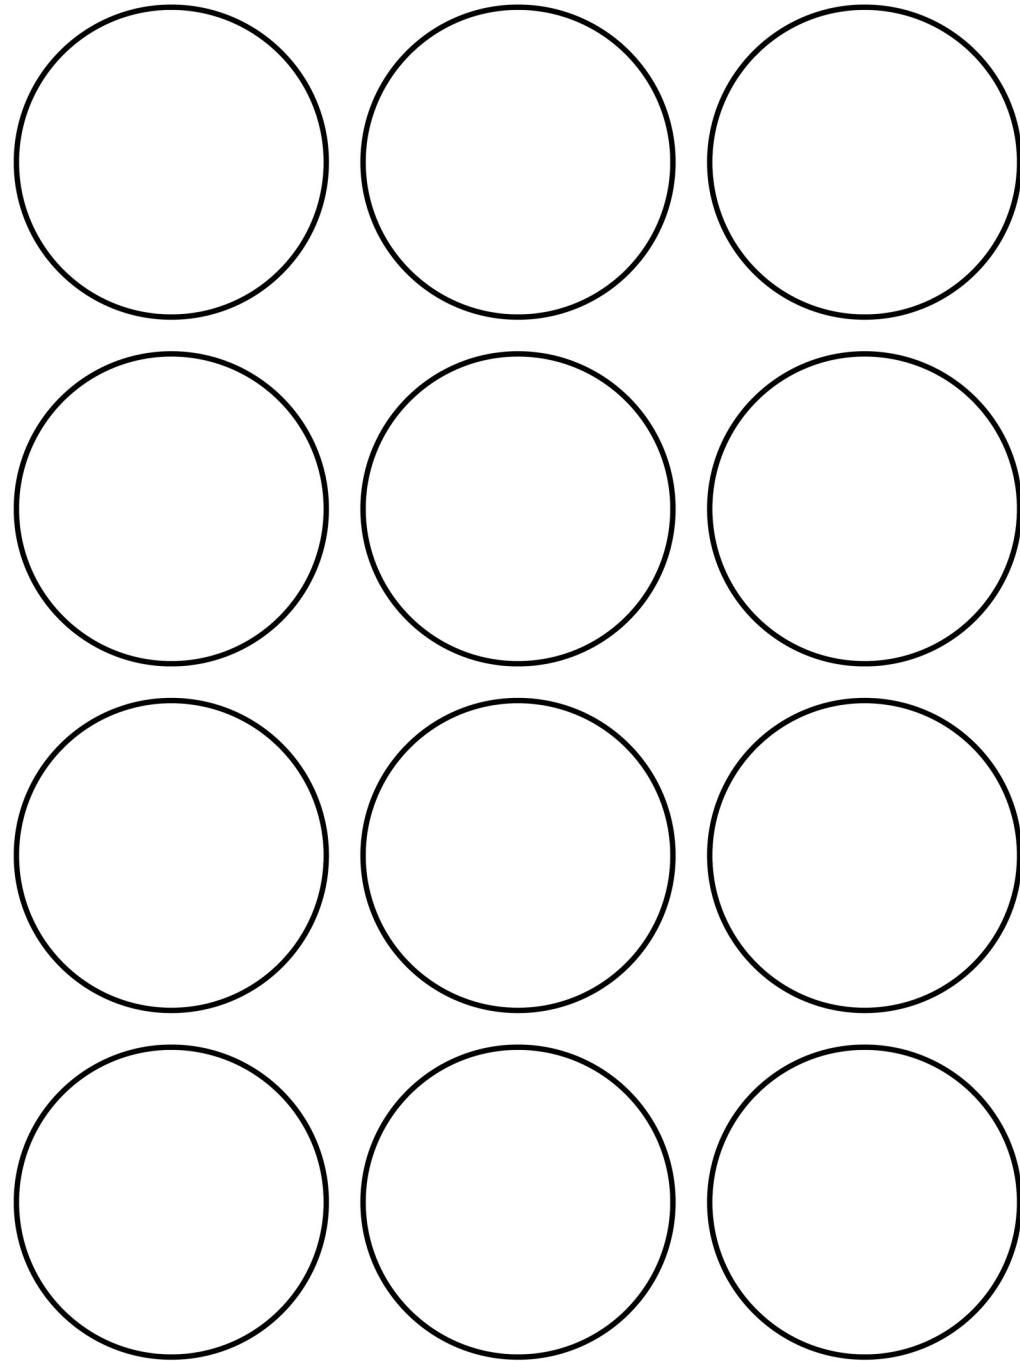

CIRCLE MAGIC

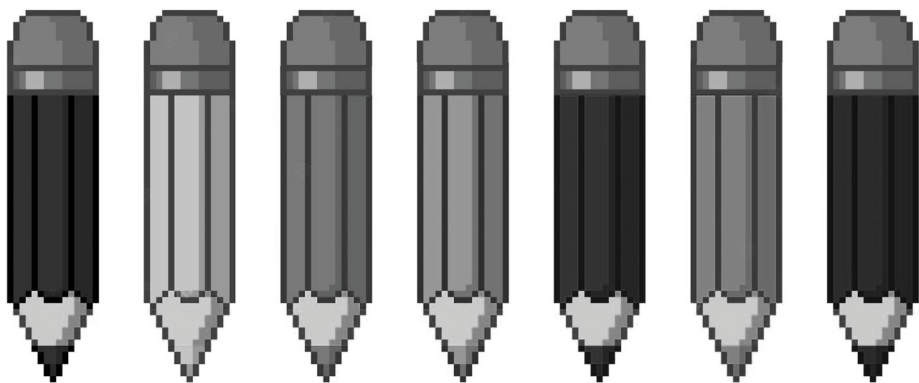

Grab a pencil and set a timer for 5 minutes. In this creative race against time, your mission is to breathe life into each circle with the boundless wonders of your imagination. These circles are your canvas, and within them,

create anything that tickles your fancy - whether it's an ashtray, a basketball, or just a cookie. The clock is ticking, so let your creativity soar! You are pursuing quantity, not quality, and there will be nuggets of gold among the turds.

CIRCLE MAGIC

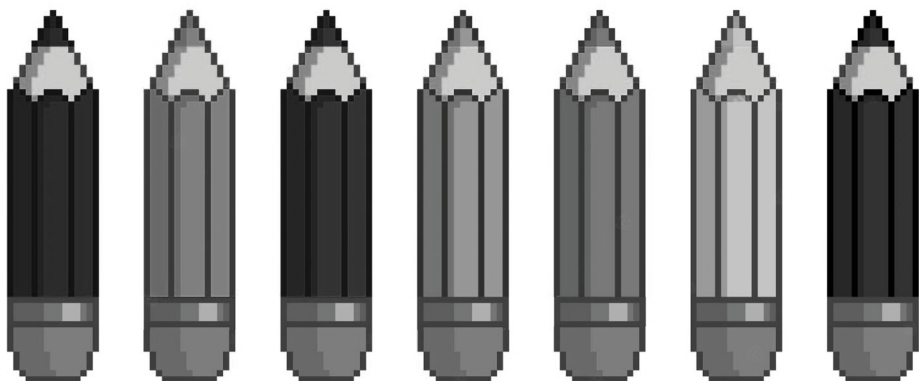

PIXEL BY NUMBER

Grab a pack of crayons or your favorite colored pencils and take a few minutes for yourself. Using the pixel grid and color guide, fill each pixel with color until you reveal the hidden image.
